Mission

We serve as a welcoming, responsive environment for community gathering by provisioning space, equal access to information, technology, resources, and engaging learning opportunities.

Vision

Growing a vibrant, engaged, learning-focused community.

WELCOME

We create a sense of belonging in our comfortable, inclusive spaces. COMPLETE a building project for Metamora. EVOLVE branches to become essential community hubs.

- We are looking for a home for the sled in the Washburn branch museum.
- The bushes on the side of the Roanoke building that were crowding the sidewalk have been removed.

ENGAGE

We are widely known and highly regarded for the value we add to the community. INCREASE awareness through creative marketing and communication. REACH more community members through outreach activities and strategic partnerships.

- Visited 8th grade classrooms at Metamora and Germantown Hills grade schools.
- Attended Roanoke-Benson open houses (both campuses.)
- Attended St. Mary's teacher institute.
- Attended Germantown Hills Family Reading Night.

ENRICH

We encourage and support a culture of learning across a lifetime.

CREATE strong connections with families to establish lifelong library habits grounded in the joy of reading. DESIGN experiential learning opportunities that also highlight library resources.

- How to Ebook and How to Library classes offered to highlight our audiobook collection and catalog.
- Strawbees Studio was offered at several branches to feature an item from our Makerspace.

ADDITIONALLY

- Donna Adami's last day and open house is October 24th. She has been with us since October of 2000.
- I attended several outreach events including Meet Your Heroes and the Snyder Village Benefit.
- We are hiring Benson and Washburn.
- We had a staff meeting last week to review the summer reading program and to discuss upcoming programming.
- IPDPL checkouts now have automatic renewals.
- Spring Bay has evidence of termites which will be remediated on the October 9th.

MEMORANDUM

To:	Monica Harris, RAILS Executive Director
	Joe Filapek, RAILS Associate Executive Director
From:	Julie Tappendorf
	Eugene Bolotnikov
Subject:	Decreased Treasurer Bond and Insurance Requirements in Library Laws
Date:	September 18, 2024

On June 7, 2024, Governor Pritzker signed HB 4951 into law as <u>Public Act 103-592</u> ("**P.A. 103-592**"). The law became effective on July 1, 2024. P.A. 103-592 amended provisions contained in the Public Library District Act of 1991 and the Illinois Local Library Act to reduce the amount of the treasurer bond or insurance policies/instruments that library treasurers must provide to their library boards. We have provided some information about the new law and its impacts in the memorandum.

I. <u>Previous Treasurer Bond/Insurance Requirements</u>

Before P.A. 103-592 was signed into law, state law required a library treasurer to provide a bond in the amount of not less than 50% of the total funds received by the library in the prior fiscal year.¹ As an alternative to a library treasurer providing a bond, state law allowed a library treasurer to secure an insurance policy or other insurance instrument that would provide the library with coverage similar to what a bond would cover in an amount at least equal to 50% of the average amount of the library's operating fund from the prior three fiscal years.

II. P.A. 103-592 Changes to Treasurer Bond/Insurance Requirements

P.A. 103-592 made two significant changes to the two library statutes.

First, it reduced the required bond amount to not less than 10% of the total funds received by that library in the prior fiscal year from the previously required 50%.²

¹ The Library System Act had a similar requirement, except that the required bond must be not less than 50% of the system's area and per capita grant for the prior year.

² The statute also amended the Library Systems Act to reduce the amount of the bond for a library systems treasurer to not less than 10% of the system's area and per capita grant for the prior year.

Second, it reduced the amount of insurance required if a library chooses the alternative coverage in lieu of providing a bond to not less than 10% of the average amount of the library's operating fund from the prior three fiscal years from the previously required 50%.³

III. P.A. 103-592 Impact on RAILS and Member Libraries

RAILS member libraries should see some cost-savings from the statutory change as the cost to purchase a treasurer's bond or insurance should decrease because of the reduced required amount of bond or alternative insurance coverage.

If a library treasurer currently in office has already provided the required bond or insurance in the coverage amounts required <u>before</u> P.A. 103-592 took effect (i.e., at least 50%), that bond or insurance remains valid because it exceeds the new reduced 10% bond or insurance coverage requirement.

IV. <u>Conclusion</u>

We encourage RAILS member libraries to consult with their legal counsel if they have any questions about the impact this new law has on their library. In addition, RAILS members might consider reaching out to the provider of their current treasurer's bond/insurance to discuss making changes to the amount of treasurer coverage at the renewal date since the new law will not automatically change your current coverage. Finally, it is important to understand that if you carry crime or D&O insurance coverage through an insurance provider or risk pool, that coverage probably does not cover the statutory treasurer bond requirement discussed in this memorandum, so we recommend you consult with your insurance or risk pool representative if you are not sure if you have the appropriate treasurer coverage.

³ Similar to above, the statute also reduced the Library Systems Act insurance amount to 10%.

RSA FY24 Annual Report

2 September 2024

Mission: Uniting member libraries to increase access to information and materials through resource sharing.

Vision: Engaged, effective, and efficient resource sharing to empower strong libraries.

Strategic Direction: Relevant ongoing directions from RSA's expired Strategic Plan for 2019-2023:

- Member Engagement: RSA members understand engagement options and maximize engagement opportunities.
 - Informing and engaging members is a primary importance to RSA's overall success. At the heart of this engagement is communication with members about the availability of services and increased access for members regardless of location. Supporting peer coaching and leadership opportunities will be critical to increasing engagement.
- Organizational Effectiveness: RSA offers options for membership that suit the needs of our diverse membership and promote RSA self-sustainability
 - Members highly value their partnership with RSA. Increased communication to encourage participation and standardization will improve efficiency for all levels of membership.
- Operating Efficiency: RSA maintains the staff and internal operations to support member needs aligned with our financial resources.
 - RSA staff is integral to the work we do with our members on behalf of their communities. Members indicate a strong desire for more online and in-library training. New training models will allow for better member access, involving both technology and member facilities to alleviate geographic disparities.

Guiding Principles: Areas of focus while converting to a fully independent RSA:

- As directed by RAILS, fully convert RSA into an independent organization. Phase One was the governance transition completed on 1 July 2024, Phase Two is ongoing, reading RSA for directly employ our support staff on 1 July 2025. Phase Three involves moving all IT and daily operations fully to RSA owned and operated equipment, contracts, and services.
- Fully engaging with all RSA members Direct in-person or remote meetings to re–establish system setup, cataloging site visits, in-person and online training, Membership Chats, and an internal goal of visiting every member at least once every other year.
- Enhance member-to-member collaboration, interactions, mentoring, and collaboration.
- Update the system with online circulation options, updated patron interfaces, simplified and streamlined training and operational processes, new reporting options, and a continual search for additional functionality that makes sense for our consortia. Ensure we maintain an automation system that works for libraries of all types and sizes.
- Start planning for a library automation industry Request of Information (RFI) process to gage the ability of other vendors to fulfill RSA's complex automation needs. The RFI process is expected to be run in early 2026 with a potential competition between vendors for a new automation system depending on the outcome of the RFI process.
- Continued fiscal responsibility and stewardship of RSA member dollars.
